"We like Solicitor.info because potential clients can easily access and read independent reviews and make an informed choice of law firm."

Jamie Barrett, Barrett and Associates www.barrettlaw.co.uk

"We've had a premium account with Solicitor.info for a few years now and they have been a joy to work with. For us, a 5 review left by a client on solicitor.info, means so much. It's a review on a specialist site dedicated to solicitors - our peers. Time and again when we ask clients why they chose to come to us, they will tell us it's because of the 5* reviews about our services, that they have seen on solicitor.info. Our premium account allows us to write blogs for publication on the site too, which considering solicitor.info has a really strong domain authority score, is great for our SEO."*
